

Environment Conference
Ecology Infrastructure South / ECOS 2010
20 – 22 October, 2010
KRASNODAR

Section
Waste Recycling and Waste Management – Best Practice Models from Germany
21 October, 2010

Invitation

East-West-Science Center Hessen (OWWZ) strives to strengthen cooperation in environmental research, development and technology transfer between partners in Russia and Germany.

On invitation of the organisers of the ECOS 2010 conference we will organise a specific workshop on waste economy in Germany. This workshop will be followed by talks on perspective cooperation activities.

If you are interested to participate please register till September 15th on our website: www.owwz.de
→ breaking news.

For general information on the event see the organizers website:
<http://www.idesochi.com/eng/exhibitions/ecos/>

We are looking forward to see you in Krasnodar!

With best regards

Dr. Gabriele Gorzka
